proje

Nancy Turnbull

The Access Project is a national initiative of The Robert Wood Johnson Foundation, in partnership with Brandeis University's Heller Graduate School and the Collaborative for Community Health Development. It began its efforts in early 1998. The mission of The Access Project is to improve the health of our nation by assisting local communities in developing and sustaining efforts that promote universal healthcare access with a focus on people who are without insurance.

If you have any questions or would like to learn more about our work, please contact us.
